

## Antonio Seijo

### Biography :

Antonio Seijo – private jeweller.

Antonio Seijo is a private jeweller who loves history, mythology and geology. He allows everything, including the formation and evolution of the earth to inspire him. He is a gemmologist and an expert in diamonds, coloured stones and many exquisite materials.

All his one-of-a-kind pieces are created exclusively by hand in his workshops in Marbella and Geneva using only the rarest precious stones with the finest quality. In his designs, Antonio pays attention to every single detail, so that you can find beauty and perfection when looking at his jewellery from any angle.
