

## Philippe Nicolas

### Biography :

Master of Art engraver and stone sculptor from The Maison Cartier.

Philippe Nicolas works for Cartier, he runs the Glyptics workshop, which is the art of engraving hard and fine stones. Master of Art since 2008, Philippe has made it his mission to pass on his knowledge. In his workshop CCS (Cartier Creation Studio), surrounded by his students, he proposes and carries out High Jewelry projects by transmitting his passion, his know-how and his experience. A graduate of L'Ecole Boule and L'Ecole Nationale Supérieure de Paris, Philippe has been carving and engraving hard stones for Paris' jewelers for almost 45 years. After working with Paris' jewelers for a few years, he collaborated exclusively with JAR for 25 years before founding his workshop in 2005 next to Place Vendôme. During this period, he contributed to the creation of High Jewelry Collections for Dior, Van Cleef & Arpels, JAR and Cartier, before joining Cartier.
